## 1 Summary

### **Execution Quality Summary according to Article 3 (3) of the Commission Delegated Regulation (EU) 2017/576 (“RTS 28”) and Article 65 (6) of the Commission Delegated Regulation (EU) 2017/565**

**Period 01.01.2022 – 31.12.2022**

#### **Valid for all Instrument Classes MAINFIRST (Asset Management) trades**

The MiFID II regulations<sup>1</sup> require investment firms to publish on an annual basis information about the quality of its execution practices. MAINFIRST Affiliated Fund Managers (Deutschland) GmbH (“MAINFIRST”) wants to give herewith its summary information and conclusions as required by RTS 28, Art 3 (3) and Article 65 (6). The summarized presentation in accordance with MiFID II covers all asset classes that MAINFIRST trades. In addition, for reporting purposes, MAINFIRST also consolidates a review of orders executed indirectly via third parties in 2022.

#### **(a) Explanation of the relative importance the firm gave to the execution factors of price, costs, speed, likelihood of execution or any other consideration including qualitative factors when assessing the quality of execution:**

MAINFIRST’s Best Execution Policy sets out the approach to provide the best possible result when accepting an order and executing a transaction for Professional Clients as required according to the Markets in Financial Instruments Directive 2014/65/EU, related RTS respective national law and additional guidance by national regulatory bodies (together “MiFID II”).

MAINFIRST has taken during the reporting period all sufficient steps to execute such transactions in financial instruments on terms most favourable to clients on a consistent basis (“Best Execution” or “Best Execution obligation”). Similarly, MAINFIRST has monitored on a regular basis not only the execution quality obtained but also the quality and appropriateness of its execution arrangements and policies on an ex ante and ex post basis to identify circumstances under which changes might have been appropriate.

MAINFIRST has considered the following range of factors to be important to fulfil its Best Execution as follows:

- (1) price and costs;
- (2) speed and likelihood of execution and settlement
- (3) general quality of execution
- (4) size of the transaction
- (5) nature of the transaction

The individual importance of the Best Execution factors may have varied, when executing orders (especially when ISDAs are required).

MAINFIRST had during the reporting period the necessary procedures and arrangements in place as well as an appropriate valuation system. MAINFIRST has routinely taken into account external market data and externally verifiable reference prices (where available) to ensure the fairness of the price for its transactions.

---

<sup>1</sup> Markets in Financial Instruments Directive 2014/65/EU (MiFID II) together with the Commission Delegated Regulation (EU) 2017/575 (formerly “RTS 28”) and Article 65 (6) of the Commission Delegated Regulation (EU) 2017/565 (“Article 65 (6)”)

**(b) A description of any close links, conflicts of interests, and common ownerships with respect to any execution venues used to execute orders:**

MAINFIRST acts fully independent. To ensure this, orders are generally executed by the Trading Desk at MAINFIRST Affiliated Fund Managers S.A.

**(c) A description of any specific arrangements with any execution venues regarding payments made or received, discounts, rebates or non-monetary benefits received:**

MAINFIRST operates with every broker on the basis of the counterparty's respective standard terms of business. MAINFIRST does not and did not receive any remuneration, discount or any non-monetary benefit for routing an order to a particular regulated market place, trading venue or broker based on inducement rules as stated in the MAINFIRST GROUP Code of Conduct.

**(d) An explanation of the factors that led to a change in the list of execution venues listed in the firm's execution policy, if such a change occurred:**

When executing a transaction for the client the venue(s) will be chosen by taking into account the following factors in order to obtain the best possible result on a consistent basis:

- (1) Costs
- (2) Performance and likelihood of execution
- (3) Settlement risk
- (4) Infrastructure and operational stability

MAINFIRST has regularly assessed the market landscape to determine whether or not there were alternative execution venues / brokers.

In light of the upcoming MiFID II regulation MAINFIRST reviewed in 2022 the access to all important liquidity sources. There have been material changes in the list of Venues and Brokers MAINFIRST is directly connected to: To ensure that regulatory reporting is supported by the counterparts, the broker list was reduced. Still, with its network of various global Brokers MAINFIRST can similarly access all markets and venues to achieve best execution to the benefit of its clients. MAINFIRST has made sure that it is able to access all important liquidity venues under MiFID II in the future.

**(e) An explanation of how order execution differs according to client categorisation, where the firm treats categories of clients differently and where it may affect the order execution arrangements;**

MAINFIRST acts as portfolio manager. All MAINFIRST clients are treated equally in terms of execution arrangements.

- (f) An explanation of whether other criteria were given precedence over immediate price and cost when executing retail client orders and how these other criteria were instrumental in delivering the best possible result in terms of the total consideration to the client;**

N/A – MAINFIRST does not carry out any business with retail clients

- (g) An explanation of how the investment firm has used any data or tools relating to the quality of execution, including any data published under Commission Delegated Regulation (EU) 2017/575 (RTS 27)**

MAINFIRST operates, amongst other systems, a Transaction Cost Analysis (TCA) system to monitor and evaluate the execution quality and broker performance on an ongoing basis. A daily review of orders against their respective benchmarks is conducted, while a committee has oversight on a monthly basis.

- (h) Where applicable, an explanation of how the investment firm has used output of a consolidated tape provider established under Article 65 of Directive 2014/65/EU.**

N/A – there is no consolidated tape established yet.
